- Nicaragua
- Panama
- Paraguay
- Peru
- Saba
- Sint Eustatius
- Sint Maarten
- South Georgia and The South Sandwich Islands
- Suriname
- Trinidad and Tobago
- Uruguay
- Venezuela

Why

For the Caribbean

Improving participation in other International Internet organizations

Development of regional capabilities in Internet-related technologies

Why

For LACNIC (<http://www.lacnic.net/en/sobre-lacnic/index.html>)

Mission

To administrate Internet numbering resources, contributing to the creation of collaboration and cooperation opportunities that will benefit the *regional* Internet community, committed to:

- * strengthening the relationships with the main stakeholders of the Internet within the *region*,
- * the development of *regional* capabilities through training and the transmission of Internet-related technology.

What

Have been done :

Initiatives between LACNIC and :

CTU (Caribbean telecommunications Union), CEA/IDRC (Connectivity and Equity in the Americas/ International Development Research Center), the Institute for Connectivity in the Americas (ICA), the Internet Society (ISOC), Packet Clearing House(PCH) ...

IPv6 Tour

LANIC Meeting (DNS, DNSSEC, Security, BGP, Network Monitoring, IPv6...)

LACNIC Training day - Policy, VoIP and IXP Workshop

Financial Assistance Program

Language diversity

...

Informal meeting - San Juan and L.A. ICANN Meetings

Mailing List related to ICT in the Caribbean(Caribbean ICT Stakeholders Virtual Community (CIVIC), LACNIC Mailing List

What

We can do :

Capacity Building :

IPv6, Policy, IXP, Computer Security Incident Response Teams (CSIRTs) ...

In country meetings (ccTLD, Regulatory authority...)

+RAICES Project

Project for the Installation of F Root Server Copies in LACNIC'S Region

FRIDA (The Regional Fund for Digital Innovation in Latin America and the Caribbean)

Promote the use of anycast in the Caribbean ccTLD community

Reinforce the Fellowship Program

Mèsi

Thank you
