

What's the real TF contribution for the IPv6 Deployment?

TF Around the World

Why we need IPv6 TF?

- What is necessary to deploy IPv6 in the near future?
- What activities IPv6 doesn't support?
- What can IPv6 gives to us?
- Is IPv6 incomplete to be used?
- What can happen if we don't deploy IPv6?

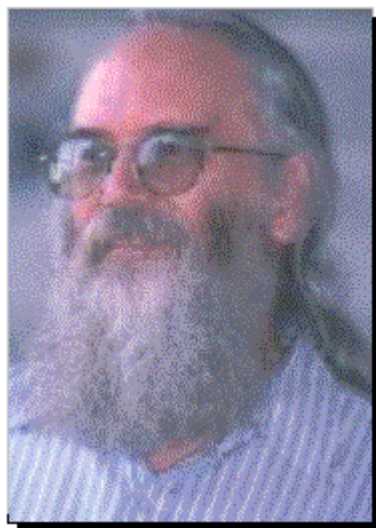

IPv6 TF function

- Everybody need to understand IPv6
- TF need to explain why to deploy IPv6
- TF can help to define some Objectives and Goals
- Share the challenge with all sectors
 - Technology, Govern, Market, Society, Academy

Conclusion

- The IPv6 TF has to start
- The Regional IPv6 TF can support better the Region
- LACv6TF?
- Concentrate the IPv6 Activities
- Opportunity?

Thank you?

Jon Postel, Internet Pioneer
August 6, 1943 - October 16, 1998

**"Jon has been our North Star for decades ...
He was the Internet's Boswell and its technical
conscience."**
